

More than **100 million children** will experience God's Word this year through OneHope partnerships, and **YOU** can be a part of making it a reality!

OneHope is an international ministry equipping the local church to share the Gospel with young people. We design scripture engagement programs for the next generation to learn about Jesus and discover their purpose.

Each program is outcome-based - meaning we begin with the end in mind, and craft the program to accomplish a specific goal. Programs are contextualized by age, culture, environment, and heart-felt needs.

**Celebration Church
Jacksonville, Florida**

We value the opportunity for our congregation to use their gifts, step out of their comfort zones, and learn alongside OneHope staff and partners on the ground. We love being a part of what God is doing around the world to reach the next generation!

God's Word has the power to transform lives, like He did for Julieta!

In Venezuela, Julieta's father had abandoned the family, causing her mother to sink deeper into depression. Nine year old Julieta was bitter, angry, and felt alone. The pain of Julieta's battered heart compelled her to fight with her younger brother. One day, Julieta attended a children's bible club at a church where she received the *Book of Hope*, which told her all about God and his love. She accepted Jesus into her heart, and had a new joy in life. Her mother noticed the change, and began to attend church too. Now, both Julieta and her mother live with joy and purpose in their hearts!
